Organize Your Bible Knowledge & Gain Deeper Understanding!

Wednesday, October 19, 2022

Key Thought & Introduction: We teach the Bible illogically and we tell stories out of order. We end up with knowledge—but with no real understanding of how it all fits together. Though the Bible is made up of 66 books, it is a **whole,** and it tells the story of God from _"In the beginning, God,"_ to _"Yes, I am coming soon."_

The Bible is not organized by chronology, so our goal in this class is to teach the Bible systematically, so we can see the Bible as a whole and therefore see how God worked throughout history. We will also be reminded that He is still at work!

The First Section: The Period of **Creation or Beginnings.**
The Second: The **Period of the Patriarchs**.

The Third Section:
The Period of Moses and the Exodus.

Interesting Fact: There is roughly f_____ between the Patriarchs and Moses. We know very little of that interlude except for a short summary statement. Many have made much of that length of time. (It's roughly the same length of time the Hebrews spent in captivity in Babylon, the length of the intertestamental period, and of slavery in the New World, etc.)
